Statement of Work

Contract EP-W-08-054 Environmental Response Training Program (ERTP) Contract, full & open Award Period 1, August 1, 2011 – July 31, 2013 Work Assignment 1-006 Radiation Courses

Purpose /Background

The purpose of this WA is to improve the response readiness of U.S. EPA and it's Tribal, State and Local partners by training them in the practices, procedures, and policies for radiation safety. This is to be done by delivering 20 Radiation course offerings, as well as support the annual National Association of Remedial Project Managers (NARPM) conference. The dates and locations of the deliveries will be determined by the Project Officer, in coordination with EPA Regional Training Coordinators.

1.0 Task to be performed

Under this work assignment, the Contractor shall be prepared to present 20 course offerings of the Radiation courses. A course offering is defined as a presentation of either the set of Radiation Safety courses or a presentation of the EPA Advanced radiation course. Course presentations and NARPM support include the following activities: provision of equipment, materials, and supplies, personnel travel, equipment shipment, and liaison with regional or state training contacts.

The set of Radiation Safety Courses are designed to provide environmental professionals basic understanding of the fundamentals of radiation safety, hands on experience with detection equipment and an overview of EPA guidance. The EPA Advanced Radiation course currently in development shall meet the core National Approach to Response training requirements for advanced radiation. It is estimated that each type of course offerings will be given 10 times, however the exact combination of course offerings to be given will be determined by the Project Officer, in coordination with EPA Regional Training Coordinators.

Support of the NARPM conference shall be determined by the Project Officer in coordination with the NARPM Co-chairs. Support of this conference shall not be counted as a course offering.

The development of the Advanced Radiation Course shall be completed and a pilot course shall be delivered by November 31, 2011. After the pilot the final development of the course shall be finished by Feb. 28, 2011.

In Accordance with the Performance Work Statement Part B the contractor shall be responsible for the following:

-developing a course schedule for Project Officer approval -student registration

- -schedule of instructors
- -presentation of training courses
- -improvements to course materials
- -maintain course files
- -acquiring and maintaining equipment
- -issuing student certificates

The contractor shall also be prepared to provide administrative support for the Radiation Task Force Leader Refresher (RTFL) and Initial training. Administrative support for RTFL training shall include the following:

- -student registration, if requested
- -delivery of training material to the regional contact for the course
- -maintain course files
- -issuing student certificates

Improvements to course materials and presentations may be requested by the work Assignment Manager, David Kappelman, through the issuance of written Technical direction.

2.0 Deliverables

An end of course summary with course statistics shall be prepared and delivered electronically at the conclusion of each course and/or exercise.

3.0 Period of Performance

The Period of Performance is the duration of the first award fee period. (08/01/2011 to 07/31/2013)

4.0 Government Furnished Property

The Contractor shall utilize available EPA equipment provided and shall provide all personnel, and additional equipment and supplies necessary to complete this work assignment. There is no specific list of government furnished property for these courses and exercises.

5.0 Points of Contact
